

FARMERS WANT FAIR PLAY, NOT LARGE PROFITS

President of Agricultural Association Tells Rotarians What Demands Are.

The farmers don't want to hold up the people. All they want is to equalize moderate profits so that they will be given their share. This is the explanation of the present cry of the farmers, Charles White of Chicago, president of the Agricultural Publishers' association, gave to members of the Rock Island Rotary club in session last evening at the Y. M. C. A.

Farmers' night proved successful last evening, with the exception that there were no farmers present. Because of the bad roads and the absence from the city of Palmer R. Edgerton, county farm advisor, who was to notify the farmers, they were unable to get into town.

Mr. White pointed out the responsibility which rests upon the city people along the cooperative lines with the farmer. What the farmers want, Mr. White said, is equalization, not profiteering. "They want their proportion so as to meet the cost of production. That is what they are fighting for now."

Decorate for Vets. A special table decorated with a flag planted in an apple before each plate was arranged for the 16 members of the Rotary club who served in the World war. E. C. Fisher, district Rotary governor, spoke on Armistice day, reviewing some of the work done by the men in the war.

At the business session the Y. W. C. A. appealed for financial aid of the Rotary to carry on their Christmas toy shop. The matter was referred to the board of directors. A. B. Duvon of the Rock Island Lumber company pledged, on behalf of the company, \$50 worth of white pine to make kiddie cars for the children; A. F. Sala donated the tires for the cars; J. W. Armstrong, vice president of the Illinois Oil company, offered the paint for the toys, and J. H. Hauberg gave a walnut log to be used to make toys.

CAMP DIRECTOR OF BOY SCOUTS SEES OLD FRIENDS HERE

L. L. McDonald, national camp director from national headquarters of the Boy Scouts, has been an interested visitor in the tridities during the last two days. All of yesterday was spent in Rock Island meeting members of the local council and old friends in the vicinity. Mr. McDonald was the first boys' work director at the old Y. M. C. A. building, and not having visited Rock Island in 15 years, he marveled at some of the changes that have taken place. Mr. McDonald spoke in highest terms of the camp conducted by the local council at Scout Haven this last summer.

W. G. Phillips, Detroit, Mich., and William McCrosen, Davenport, had jail sentences of six months.

suspended on the condition that they get out of Rock Island and stay out. The men had been intoxicated and were claimed by the police to be dope users.

Convalescence after pneumonia, typhoid fever and the grip, is sometimes merely apparent, not real. To make it real and rapid, there is no other tonic so highly to be recommended as Hood's Sarsaparilla. Thousands so testify. Take Hood's. (Adv.)

AMUSEMENTS

AT THE SPENCER

Observation of the laws and fundamental conventions of society, while considered by those who lead the Bohemian life to be a useless code followed only by the unenlightened, is nevertheless only a course to pursue if one wants to attain real happiness.

That is the moral forcefully emphasized by Anita Stewart's latest screen starring vehicle, "Harriet and the Piper," which will be shown at the Spencer theatre, Thursday, Friday and Saturday.

In the role of Harriet Field, a girl from a small town who is dazzled by the "advanced thought" theories followed and the Bohemian life led by the natives of New York's famous Greenwich Village, Anita Stewart goes through a free love ceremony with a handsome young villager, Royal Blonkin.

The emphasis of the lawless ceremony is realized by Harriet when at her studio apartment she receives a package from her sister containing a letter telling of her sister's marriage and explaining that the letter enclosed are from the bower in which the wedding was held.

How Harriet is saved from her loveless "marriage" just in time. Such real happiness in a different environment and realizes how fair are the ideals of the professional villagers, is unfolded on the screen in what many declared to be the most fascinating of Anita Stewart's First National photoplays.

Ward Crane, as Royal Blonkin, and

Charles Richmond, as Richard Carter, play opposite Miss Stewart. Others listed in program.

LEGION TO BE HOST TO BOY SCOUTS AT "JOLLIES OF 1920"

The American Legion has invited all Boy Scouts in the city to attend the Legion minstrel show, "The Jollies of 1920," at the Illinois theatre Friday evening of this week. The gallery has been reserved for the Scouts and scoutmasters, and it is urged that ever Scout in the city take advantage of this kind invitation. The Scouts were in full attendance at last year's show also, and the cast appreciated the enthusiasm shown by the youngsters. Scoutmasters are urged to attend the show with their troops so that there will be someone in charge.

Never in the history of the camera has there been a race pictured with the dramatic power of "The Race of the Ages." Every critic, every sportsman, every man, woman and child with blue blood in their veins have used adjectives that we dared not employ in attempting to describe it.

So realistic is the photography that spectators will be brought to the pitch of enthusiasm and root with as much energy as the 20,000 witnesses rooted on the day of the race. Moving picture experts declare it the perfection of production in that line.
